Parish Newsletter
February 2012

Climate Week is Britain's biggest climate change campaign, inspiring a new wave of action to create a sustainable future. Events will be run by schools, businesses, charities, councils and many others. Our part in this is to invite you to recycle more with Recyclebank (blue bins) as using less, producing less waste is an essential part of a greener future.

Every week you earn points for the waste you recycle and we want to encourage you to redeem your points and participate in this innovative incentive scheme. There is a wide range of things you can do with your points. There are national offers such as £5 off £25.00 on food and drink at M&S. Locally you can redeem points at Cliff Roe Sports, Swinley Stores, Lush in Windsor (bar of natural soap for 100 points), and weekday green fee at Royal Ascot Golf Club. You can get 2 for 1 entry into Jagz Ascot and offers at Ascot Spices, Bar 1 and The Swinley. At the Firestation Windsor there are 2 for 1 entry offer for films on Sunday and a deal at McDonalds in Windsor. New offers are being added all the time.

Or you can donate your points to 4 schools in the Green Schools programme, which includes Bright Start Pre-school, Windsor to help them create a mini allotment area. Please take a look at the Live Green section of the website to see the ideas and commitments behind Recycle Bank. www.recyclebank.com/rbwm If you are struggling to register with Recyclebank or do not have a computer to access Recyclebank please come down to the Parish Office for help.

Earth Hour 8.30 - 9.30pm local time Saturday 26th March.

World wide initiative led by WWF, now in its fifth year, to encourage people to turn their lights out for one hour to bring attention to global sustainability issues. Do join in.

Big Society - Friends of Sunningdale

Summer Reading Challenge - The Borough's libraries are seeking to recruit Teenage Volunteers who are 15 years or older to help run 2012's Summer Reading Challenge.

The summer reading challenge encourages children between 4 to 12 years old to read 6 books over the summer with the use of rewards such as stickers, pens and bookmarks and, if they complete the challenge, a medal and certificate. Teenage Volunteers take a lead role in the libraries – talking to the children about their reading, issuing rewards, explaining the challenge to parents and generally encouraging the children to complete the challenge. Volunteering can also count towards Duke of Edinburgh awards. Full training will be given. There is flexibility about where and when volunteers work but includes some Saturdays over the summer. Contact Joiy mmjchan@yahoo.co.uk for further details.

Adopt-a-street & Duke of Edinburgh award community volunteering project

We are very pleased that a group of 4 young Sunningdale residents have adopted the woodland area and Footpath 13 as part of their volunteering contribution towards the Duke of Edinburgh award. They have been out every Saturday since the end of December helping to keep the area clear of litter.

Diamond Jubilee Music Festival and Picnic in our Park Monday 4 June 2.00pm to 8.00pm

Plans are in hand for Pop music through six decades of the Queen's reign, English musical theatre with local acts and groups, well known musicians and soloists of past and present fame. Culminating in a Pomp and Circumstance finale with patriotic classics. Other attractions and refreshments, so come to Broomhall Recreation ground bringing your picnics and join in this very special community celebration.

Broomhall Rec was also the centre of Sunningdale's celebrations on Coronation Day in June 1953 when hundreds enjoyed a big village party. Do you remember that day? Do you have any pictures of it, or just memories? Peter O'Kill is gathering information about it for our Diamond Jubilee brochure and would love to hear from you via the Parish Council.

Neighbourhood Plan 'A VISION IS TAKING SHAPE.'

A team of dedicated residents are participating in planning the future growth in our area and great progress is being made to date.

The Housing and Environment Group are tackling issues such as balancing the need for housing against maintaining village identities, green spaces and the natural

environment. The Economy Group are talking to leading business leaders on growth and sustainable employment opportunities while also looking at areas which need redevelopment including pockets in Sunningdale. The Transport Group are considering how to encourage pedestrians and cyclists when there is a lack of public transport and high car usage. The Community Group are looking at the provision of leisure facilities, health and education requirements for all age groups going forward.

We are currently working on shaping a vision to reflect the development of this area over the next decade. The next stage will be to share this vision with the community and invite feedback during Spring of this year. It is exciting work and we encourage you to take an interest – perhaps in a focus group or with the consultation process. For further information on the Neighbourhood Plan go to <http://ascotandthesunnings.wordpress.com/>

It will be a gentle walk, stopping for afternoon tea and ending with prize giving for the successful quiz winners. There will be a memento for all walkers to celebrate your participation in this Diamond Jubilee year.
