TABLE OF FEES AND CONDITIONS fixed under article 15 of Local Authorities' Cemeteries Order 1977 and applicable from **1st April 2017**.

FEES DO NOT INCLUDE THE DIGGING OF THE GRAVE

RESIDENTIAL QUALIFICATION

Fees and charges set out herein depend on whether the person to be interred is regarded as a resident of Sunningdale at the time of death or not. All fees for non-residents are double those for residents.

Funeral Directors are required to notify the Parish Clerk of the resident status of the deceased on the form provided by the Parish Council and must provide a photocopy of the Grant Certificate or the Plot/Grant Certificate Number. The appropriate fee is that which applies on the date the form is received by the Clerk's office, not the date of interment.

A Resident means any person living in the Parish immediately prior to death for a minimum of 5 years OR resident in the Parish for a minimum of twenty consecutive years and has not left the Parish for a period longer than five years before death. All other persons are regarded as Non-residents.

The residential classification of the deceased may vary between the purchase of Rights of Burial and interment.

The Parish Council may, on written application, exercise their discretion regarding residential qualification.

PURCHASE OF GRANT OF EXCLUSIVE RIGHT OF BURIAL

Plots at Kiln Lane Cemetery are for the term of 99 years. On request to the Clerk, Burial and Cremation plots may be purchased prior to interment and reserved for duration of the 99year lease.

At the time of purchase the Grant will state whether this is for a double (9' x 8'), single (9' x 4') or ashes (2' x 2') plot.

Proof of Grant is the responsibility of the purchaser and needs to be produced at the time of application for interment. Should there be a need for the Clerk's office to confirm ownership via a search of the Parish Records, a fee of £30 will be payable.

INTERMENTS

Requests for burials or interment of ashes should be made to the office of the Clerk during the advertised opening hours of the council offices, at least seven working days prior to any interment.

All fees and charges due to the Council are to be paid to the Clerk, with cheques made payable to "Sunningdale Parish Council". Payments must be made prior to interment and accompanied by the APPLICATION FOR INTERMENT form and copy of the appropriate Grant of Exclusive Right of Burial.

MEMORIALS

Kiln Lane Cemetery allows memorials in the form of headstones and tablets of natural quarried stone. Memorials of wood, metal or synthetic materials are not permitted.

As of April 2016, all memorials installed in the Cemeteries within RBWM shall conform to the National Association of Memorial Masons Code of Working Practice and BS 8415 specification for Memorials & Monuments in Burial Grounds.

All memorials must be installed so as not to present a safety hazard for a period of at least 30 years. The base slab of lawn memorials must be made stable by an anchoring tube driven through the centre of the slab. The lawn memorial must be fixed to the base slab with a lock down system.

Headstones shall be upright and the height not more than 2' 6" (76cm) at any point and the memorial base must be fixed to a foundation stone or paving stone measuring 2' x 3' (61x91.5cm) – the top surface of which must be level with the surrounding grass to facilitate mowing. The headstone to be at least 4" from the edge of the slab to facilitate mowing.

All memorials are the sole responsibility of the owner of the grave and should that person move from the address given in the Parish Council's Register of Purchased Graves, they must notify the Parish Clerk of their change of address. The Parish Council reserves the right to lay flat any memorial that becomes dislodged and dangerous and will endeavour to contact the owner, should this become necessary.

All permanent memorials must be applied for through completing the APPLICATION FOR THE RIGHT TO ERECT A MEMORIAL form, approved by the Clerk, paid for before installation and, in the case of full size graves, should not be installed for a minimum of 6 months following the burial. This is to prevent movement of the memorial due to ground settlement.

INSCRIPTIONS.

Headstones and tablets may only include lettering and numbers and shall not incorporate any photographic images of the deceased or any other pictorial image. The grave plot should be recorded on the lower left face or rear of the memorial.

ALL INSCRIPTIONS MUST BE NOTIFIED AND PERMITTED BY THE CLERK PRIOR TO THE WORK COMMENCING. The council reserves the right to remove any Headstone or Tablet erected after April 2017 which contravenes the rules as stated.

GENERAL MAINTENANCE

At all times employees of the Council must be able to carry out maintenance and mowing of the grass and cemetery area. The cemetery area shall be grassed between the paths and maintained as lawn by the Council.

No bushes, flowers or ornamental shrubs may be planted in the Cemetery, except within the grave space for which exclusive rights have been granted and shall not encroach onto the paths surrounding the grave. The planting of any flowers or shrubs on the Cremation Plot is not permitted, although flowers may be placed in non-breakable vases or containers standing on the memorial tablet. The planting of trees within grave spaces is prohibited.

All brick, stones and other items shall be removed by the parties by whom it has been placed or by the Parish Council during routine maintenance. These items will be disposed of directly.

Fencing around graves is not permitted, unless approval has been obtained from the Parish Council. No loose stones may be placed as edging around the graves.

Persons committing injury or wilful damage within the Cemetery are liable to a penalty not exceeding £1,000 by order of the Local Authorities Cemeteries Order 1977.

Flowers may be placed on the grave, directly on the ground or the flat stone, as follows:

- Faded flowers should be removed promptly.
- Floral tributes should not exceed or overlap the normal grave space.
- The Council will dispose of faded floral tributes if these are not removed by the family of the bereaved.

- No inanimate objects are allowed on the grave or suspended from the trees in the cemetery.

The Council reserves the right to remove any object that impedes maintenance.

No paving stones may be laid around the grave space, and planting of any shrub or inanimate object adjacent to the grave, or beyond the confines of the grave space, is not allowed.

If an alternative memorial is required, for example a tree or a seat, application should be made to the Clerk of the Council. The maintenance of this remains the responsibility of the purchaser and a contract with a may be requested at time of purchase. The Council retains the right to remove any benches that have become unfit for purpose.

The Parish Council reserves the right to fill in and make safe any grave that collapses and becomes a hazard to visitors in the Cemetery.
